The reply filed on February 26, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The reply is not responsive to the double patenting rejection. It is noted that on page 5 of the response Applicants request that the rejection be held in abeyance until allowable subject matter is identified. However, a proper reply to a double patenting rejection requires an indication that Applicants will provide a terminal disclaimer upon notification of otherwise allowable subject matter, an amendment to the claims addressing the rejection, or arguments directed to the rejection. Appropriate correction is required.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a)**. In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned.
